TECHNICAL INFO

Are Roma people nomads?

Is it true you only reproduce with each other?

Why do you kidnap children?

Roma people are mysterious creatures, it is hard to tell the truth from the myth. In "Rom vs Tutti" the audience will finally have the opportunity to ask these and more questions to truly know who Roma people are. The public is invited to write on anonymous notes their own questions, which will be pulled out of a jar that stands in the middle of the stage. These will serve as a starting point to explore the performance's key recurring topics, in a crescendo of ironic and cutting tellings and improv.
